ABOUT ME

I am Ujjwal Rupakheti, a dedicated BSc (Hons) Computing student at Itahari International College with a strong passion for technology and content creation. As a tech enthusiast, I specialize in developing innovative web solutions and writing engaging, SEO-optimized tech content. I have contributed as a Content Writer at Gadgets in Nepal, where I craft detailed SEO optimized gadget reviews and articles that resonate with the Nepali audience. There I have got the proper knowledge about WordPress. My technical expertise spans HTML, CSS, JavaScript, Java, and Python, demonstrated through projects like a responsive e-commerce website and a comprehensive gym management system. With a blend of coding proficiency and creative writing skills, I aim to bridge technology and communication to deliver impactful digital experiences.
